

CO 82 and CO 133 Signal Replacement Project in Glenwood Springs and Carbondale

PROJECT OVERVIEW

The Colorado Department of Transportation and contract partner Casper Electric will begin a signal replacement project on June 7, 2021. The signal replacement will take place at the following locations in Glenwood Springs and Carbondale:

- CO 82 at 11th Street and 14th Street in Glenwood Springs (Mile Point 0.18 to MP 1.43)
- CO 133 at Meadowood Drive and Village Road in Carbondale (MP 66.05 to MP 68.82)

Work will include the removal and installation of traffic signal equipment, poles, mast arms, pedestrian push buttons, signing and vehicle detection upgrades. Crews will also install 16 Americans with Disabilities Act (ADA) compliant curb ramps. The new ramps will be in compliance with the Public Right of Way Accessibility Guidelines (PROWAG) requirements and will provide functional accessibility to all travelers using our state and US highways.

PROJECT SCHEDULE

- Hours of operation on CO 82 at 11th Street and 14th Street and CO 133 at Meadowood Drive will be day work Monday through Friday from 7 a.m. to 7 p.m. and occasional night work Sunday through Thursday from 7 p.m. to 7 a.m.
- Hours of operation on CO 133 at Village Road will be night work Sunday through Thursday from 7 p.m. to 7 a.m. with occasional day work Monday through Friday from 7 a.m. to 7 p.m.

The project has an anticipated completion date of December 2021.

TRAVEL IMPACTS

Motorists should plan for single lane closures with side street impacts.
